Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

Lady Elgin,	Hendrick Hudson,	Sultana,
Louisiana,	Globe,	Wisconsin,

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois and other Western and south-western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats come direct to our Dock at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by Steamboats, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only line not interested in, or committed to a Propeller Upper Lake Line; and in endeavoring to sustain a line of Steamboats on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, whose interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

SCOTT VOLUNTEERS!

The SCOTT VOLUNTEERS are reminded that their regular Weekly Meeting takes place at the "Head Quarters" *this* evening at 8 o'clock. Come one, Come all!

Assault on Chancellor Lathrop.

We noticed in the Madison *Democrat*, a day or two since, some strictures upon the eulogy pronounced by Chancellor LATHROP on the character of HENRY CLAY. The *Democrat* charged that it was partizan in its character, and reflected severely upon the "democrats" for their opposition to the illustrious Statesman of Kentucky. This assault of the central organ is followed up in yesterday's *Morning News* by a correspondent who styles himself "a friend to Common Schools"—very much such a "friend," no doubt, as Mr. PIERCE is to Rivers and Harbors! We make one or two extracts from the communication, as samples of its tone and sentiments:—

> The fact that the learned Chancellor, on this occasion, confounded these ideas, is an indication of a partizan bias that is unworthy of the position with which he has been entrusted for far different purposes, and would be more appropriate upon the stump. Those who remember a similar feat, performed by the Chancellor in the course of his agricultural address last fall, will not be slow to believe that our construction of his conduct is at all uncharitable.

The Eulogy has not yet been published. When it is, (and we look for it shortly,) we shall invite the *News* and the *Democrat* to specify the portions to which they except, that the public may judge between the Chancellor and his assailants. But the "Agricultural Address" *has* been widely published, and we call upon the correspondent of the *News* to point out the objectionable passages. We heard the address delivered, and marked, with pleasure, the universal gratification which it afforded. We have since published it, both in our newspaper columns and in pamphlet form, and these "partizan" strictures in the Madison *Democrat* and the Morning *News* are the first that have met our notice. Will they state the grounds of their objections?

But the *News'* correspondent, not satisfied with criticising the Chancellor's Address, proceeds to attack, by indirection, the entire faculty of the University and invoke the aid of the Democratic Board of Regents in the premises. Hear him:

> It is worthy of the attention of the democrats of the State to inquire whether the Whigs are not attempting to make use of our educational system for the purpose of manufacturing whig capital. If the writer is correctly advised, all the professors of the University have been selected *with reference to their party predilections*; and our object in alluding to the circumstance, is to call the attention of democratic members of the Board of Regents to the matter, who have the means of guarding against the abuse when they wake up to the fact.

It is only necessary, in answer to this absurd charge, to state the fact, that there is a considerable "democratic" preponderance in the Board of Regents. The idea that they would select the Professors of the University "with reference to their partizan predilections" and for the purpose "of manufacturing Whig Capital," is sufficiently ridiculous.

Not content, however, with detecting and exposing this conspiracy against the People of Wisconsin, the imaginative *News* correspondent proceeds as follows:

> Let me inquire: Is there not a systematic effort throughout the State *to pervert our Common School system to the same purpose?* Certain facts within our knowledge in regard to the subject *in this city*—among other things the active efforts made by the whigs here, under the old "no-party" plea, to elect their superintendent of Common Schools last fall—seem to afford an affirmative answer.

The public can judge better as to the probabilities in the case if the writer will unburthen himself of these "certain facts within his knowledge, in regard to the subject in this city." Pray what are they? Let the public have the benefit of them. If such a conspiracy really exists, there is no surer way to kill it, than to proclaim *all* the facts and circumstances. By all means give us these "certain facts!"

A Daniel Come to Judgment!

A writer in the Monroe *Sentinel* bitterly assaults Gen. SCOTT, for the General Order, No. 287, which he issued from the National Palace, Mexico, soon after taking the city, and which was intended, at once, to protect the lives and property of the Mexicans, and to enforce the discipline and maintain the high character of the American troops. The writer selects, as deserving of special malediction, the following paragraph from the order, which we print as we find it in the Monroe paper:—

> "2. Assassination, murder, poisoning, rape, or the attempt to commit either; malicious stabbing or maiming; malicious assault and battery, robbery, theft; THE WANTON DESECRATION OF CHURCHES, or other religious edifices and fixtures; *the interruption of religious ceremonies*, and the destruction, except by order of a superior officer, of public or private property, *are such offences*."

This, says the Green county critic, "if not indecorous and insulting to the officers and soldiers under his command, there never was any thing that the General has written which more fully displayed his weakness, or—*his reverence for the Catholic religion*: we do not care which."

Again, the writer quotes section 15 of the same order, and comments thereon as below:—

> "This splendid capital—its churches and religious worship; its convents and monasteries; its inhabitants and property, are moreover placed under the special safeguard of the faith and honor of the American army." Grandiloquent! "Well, Sir," you will say, "what about this quotation?" "Why—nothing—only that it presents Gen. Scott's reverence for the Catholic Religion, his vanity and peculiar weakness as a man—and his great unfitness to be President of the United States."

In the eyes of this reasonable gentleman, it was "indecorous and insulting," in General SCOTT to warn his soldiers against committing any offense against the laws, plundering private property, desecrating churches and interrupting religious ceremonies. And as to the last two clauses, they only showed "Gen. SCOTT's reverence for the Catholic religion" and his "vanity and weakness" &c. We *had* supposed that Gen. Scott's conduct in Mexico, both before and after the capture of the City, was rather creditable than otherwise, but these strictures of our Green County contemporary rather stagger us!

NO COUNTRY LIKE WISCONSIN.—A friend of ours, who took a drive, some few days since, thro' the towns of Summit, Ottawa, &c. in Waukesha County; passing from Nashotah to Waterville, and thence to Waukesha, assures us that in his judgment (and he was by no means favorably prepossessed) there is no handsomer tract of country in the Union. We think as much, ourselves.

SPIRIT RAPPING.—We learn by the Opal, published by the inmates of the N. Y. State Lunatic Asylum at Utica, that there are in that refuge at present, 14 victims of this imposture, whose insanity is ascribed to this source.

The Whigs and Nativism.

> It is due to the editor of the *Sentinel* to record his denial of the charge of Native Americanism, brought against him by the Cincinnati Volksblatte. All proper credit will be given to the denial. At the same time, we may be excused for remarking, that it will be commented on as *a singular coincidence* that the sentiment attributed to General King should have been reproduced simultaneously in a variety of quarters. We find an article in the Toledo Republican, *firing the charge upon him*, quoting the same passage (the words slightly differing, as our copy was translated from a German translation of the original; but the idea being the same) and adding an additional sentiment from the same paper, the Albany Daily Advertiser.—*Morning News.*

The *News*, in recording our denial, enters this faint protest against its being received as conclusive. In fact, it rather intimates that *because* this charge has "been reproduced simultaneously," in several quarters, therefore there must be some truth in it. There is not a particle. It is a pure and wanton fabrication. No such "sentiment," nor anything akin to it, was ever "entertained" by us, or published in the Albany Daily *Advertiser*, while under our charge. And the "additional," like the "original" sentiment, of which the *News* speaks, is equally *spurious*. Weak and worthless indeed must be the cause which can hope to prosper by the use of such weapons!

THE LAST INVENTION.—The *News* of yesterday publishes, and expects its readers to *believe* an article, from the Harrisburg *Union*, charging Gen. SCOTT with "foraging upon the National Treasury" and undertaking to *steal* therefrom "a Million of Dollars" to give to SANTA ANNA! Hear these unscrupulous libellers:

> But we apprehend that the whole object of this parade of Gen. Scott's purity is to keep the public attention from the fact that *Gen. Scott agreed to pay Gen. Santa Anna a bribe of a million of dollars, and absolutely did pay him the first installment of ten thousand dollars.*
>
> Pillow, Quitman, and Shields opposed the giving of the bribe to Santa Anna, but Gen. Scott argued that "*the bribery was not wrong in itself inasmuch as Gen. Santa Anna placed himself in the market.*" When inquired of what *account* he would give to the Government of the expenditure of this money, he replied—"*that he would place the expenditure to the account of some one of the departments of the army!!!*"
>
> Oh, most adroit and admirable financier! Why this beats the Galphins all hollow! Gen. Scott would give a bribe of *a million* to Santa Anna, and then charge it to *army forage!!!*
>
> Why, if the *Galphins* ever reach power through Gen. Scott, with such an illustrious example before them, the *foraging parties* upon the Treasury will be as thick as the lice of Egypt!!! And every time the Treasury is robbed it will be charged to some praiseworthy account.

It is *possible* that the reckless organs of Loco Focoism may help their cause and candidates by inventing and circulating these scandalous fabrications; but we much mistake the AMERICAN PEOPLE, if they do not serve the slanderers of WINFIELD SCOTT very much as they did those of Gen. TAYLOR and Gen. HARRISON. The attempt *now* to blast the reputation and blacken the character of a man who has served his country so long and so faithfully as Gen. SCOTT, ought to be indignantly rebuked by every true-hearted American. And our word for it that *it will be!*

From the New Hampshire Patriot of 1843, Edited by Isaac Hill.

Frank Pierce commenced law business about the year 1826 and boarded with his father in Hillsborough. In that year he made the old gentleman so far non committal that his name was then used as discountenancing the Senior editor of the Patriot in his opinion of John Q. Adams; he helped and assisted the federal lawyers of that day to call out the strength of his father's name against Andrew Jackson; and it was not until the close of the year 1827, that the sterling old patriot broke way from the pernicious influence of his degenerate son.

It is this "degenerate son," whose "pernicious influence" in concert with that of the "federal lawyers" of that day, was successfully exerted against Gen. Jackson, that the Old Jackson men are now called upon to support for the Presidency! His hostility to American Labor—his pledged attachment to British Interests—his hostility to American commerce—his determined opposition to River and Harbor Improvements—may be overlooked by modern "democrats" because these have become "democratic" doctrines of late. But what true friend of the Old Hero of New Orleans can cordially vote for a "degenerate son" who coalesced with "federal lawyers" to prevent his election to the Presidency?—*Albany Evening Journal.*

THE SOLDIER AND THE PACIFICATOR.—When in 1837 there was imminent danger of a bloody collision between Her Majesty's Canadian subjects and American citizens on the Northern frontier, President Van Buren sent General Scott to the frontier to prevent invasion and blood-shed, that must have led to a war between the two countries. General Scott maintained the laws and honor of the country, and, by indefatigable exertions, preserved the peace between Great Britain and the United States. On his return from the frontier he was honored by the citizens of Albany and by the Members of the New York Legislature with a public supper. Governor Marcy presided. The following were among the regular toasts:

> "Winfield Scott: Not less the scholar than the soldier, whose pen and sword have been wielded with equal skill in the defense of his country."
>
> "The Soldier: Who has ever made the law of the land his supreme rule of action, and who, while he has always fulfilled its utmost requirements, has never in a single instance transcended its limits."
>
> "Our Guest: The invincible champion of our rights—the triumphant vindicator of our laws."

MANUFACTURING CAPITAL.—Some of our Loco Foco contemporaries, being rather scant of biographical material for suitable electioneering articles in behalf of Gen. PIERCE, draw upon their invention to supply the want. Thus the *Zanesville Aurora* says:

> "Gen. Pierce was in the war of 1812, and was a distinguished and laborious commander, and though wounded, did not retire from the post of duty and danger. He distinguished himself as Commander of the REAR GUARD"!!!

The Portsmouth *Daily Dispatch* observes—

> "We had on our table, a short time since, a biographical sketch of Mr. Pierce, which we are sorry to say, from some cause, is not now to be found. We may say, however, that he is not so obscure a person as the Whigs would have the people believe. His father was an officer in the Revolution, *and he himself, if we are not mistaken, took command of Gen. Pike's army, after that gallant officer was mortally wounded at the battle of York.*"

As Gen. Pierce was but 8 or 10 years of age, at the time of these transactions, the readers of the *Aurora* and *Dispatch* manifest considerable incredulity in these tales of his early prowess.

WELL-ENDORSED.—WINFIELD SCOTT received his first commission from President JEFFERSON. He was repeatedly promoted and finally offered a seat in the Cabinet by President MADISON. He was honored and trusted by President ADAMS. He was commissioned by President JACKSON to arrest the threatened civil War in South Carolina. He was deputed by President VAN BUREN to preserve the peace and protect the rights and honor of the Republic, during the Patriot troubles and the North Eastern Boundary excitement. And he was selected by President POLK to lead the American forces in triumph to Mexico. In Peace, or War he has been equally and signally distinguished. Six Presidents have borne testimony to his public worth and gallant services. THE PEOPLE will add their stamp of approbation next November.

RELIABLE CORRESPONDENTS.—According to the Troy *Budget*, GEORGE R. DAVIS has been writing to a friend in that city, that he "attended, and spoke at, large meetings of the Democracy at Elkhorn, and at Janesville, Wisconsin." The Elkhorn performance is news to us here. As to Mr. DAVIS' exhibition, before a small and select audience at Janesville, we have only to say of it, as the Democratic organ there, the *Standard*, did; "that he would probably have made a better speech, *if he had not underrated the intelligence of his audience.*"

☞ Some of the Whig papers go so far as to attempt to conciliate the Irish by attempting to make them believe that Gen. Scott is a CATHOLIC IN RELIGION.—*Janesville Standard.*

Such an "attempt" has been charged upon the Whig papers by certain Loco Foco prints, but the *proof* of the charge, tho' repeatedly called for, is not yet forthcoming. Will the *Standard* tell us what Whig papers have done this? Name one.

For the Daily Sentinel.

MR. EDITOR:

There has been considerable correspondence lately, about the desecration of the Sabbath. The calm spirit of reasoning which has actuated most of the writers, is creditable to their moderation and wisdom of treating the subject. Have they not erred somewhat, in attributing those scenes to the Germans alone? In point of fact truly, their leaders and the front presented to view, are German infidels; but is not a full moiety of the numbers made up of Americans, who escaped as they think from the wholesome restraints of the Eastern States, care very little here either for their neighbor or their creator? As one of your correspondents truly observes—the keeping holy the Sabbath day is *one* of the pillars of our liberty. Indeed the observance of the primitive rules of moral conduct, as taught by that Heavenly teacher, Jesus Christ, is the salvation of our civil freedom. The leaders who desecrate our Sabbath, have been either brought up to disregard the day of rest, or else as apostates are the more virulent in disturbing its holy peace. Acting upon the principle of the "largest liberty" of conscience in matters of Religion, they make a conscience of rendering the Sabbath hideous to peaceful citizens. Would not the use of stringent measures to compel them to submit, result still more disastrously to the peace of our city? besides being in opposition to the *spirit* of our laws, even if in obedience to its letter. I have always thought that the law against Sabbath breaking was for the purpose of aiding the great majority of our population to make the day one of peace and rest, that no outside show of business, pleasure, or unseemly noise might disturb the desire to bring the soul in converse with its maker. Our free-thinking friends claim their liberty of conscience on the other side. Might it not be granted them, yet still forbidding them to entrench upon our liberty, our peace, our rest? Let them remove their scenes of revelry away from our dwellings to some spot where out of sight and hearing, with *none to disturb them*, they might revel at large in their Pandemonium. C. M. G.

☞ Mr. Benjamin, a Whig, in a speech at New Orleans in favor of Scott—the one just elected to the U. S. Senate—said, that he would indulge in no calumny nor vituperation, and believed that "Gen. Pierce was a *gallant soldier, a good citizen, and a high-minded man.*—*Morning News.*

Editors Sentinel:—Will you explain the above paragraph? Who is the "*one*" just elected to the U. S. Senate—Mr. Benjamin, or Gen. Scott—?
QUERIST.

☞ The Carondelet *Times*, a neutral paper pays a merited tribute to the exalted worth and patriotism of Gen. Scott, in the following paragraph:

> "To say that Gen. Scott is not a true patriot: that he is not a sound republican; that he is not truly a great and noble spirit; that he is not worthy the highest honors of his country; that he has not honored his country by his noble deeds, would be to utter falsehood unworthy an honest spirit. Scott is a great man in the true sense of greatness. This the country knows and has long known. Apart from his epaulettes he is still a great man. Circumstances have not made him, *he is great and noble by nature.* Providence has written his biography in his very contour!"

DEATH OF COL. CRAIG.—The news, received by the last California mail, of the murder of Brevet Lieut. Col. Craig, of the Mexican Boundary Commission escort, is confirmed. Letters from Major McKinstry, of the same corps, addressed to Senator Dawson, detail the circumstances as heretofore related. The following records the recovery of the body and arrest of the murderer:

> SAN DIEGO, CALIFORNIA, Friday, June 18.
>
> SIR:—I returned last night from a trip to the mountains, and have to inform you that the body of your lamented friend Col. Craig has been found, and interred at the "Alma Mucho," on the desert lying between Vallecito and the Colorado River. His effects will be sent to my care, subject to the order of his family. His murderers, Corporal Hays and private Condon, of D. Company, Indiana Infantry, were apprehended by the Indians at Temacula, on Sunday last, and are now in confinement at the mission of San Diego. The mail steamer for the States is hourly expected, and to communicate with her I shall have to send to the Playa, distant ten miles. I beg, therefore, that you will excuse my not going into particulars. Very respectfully, I am, Sir, your ob't servant,
> J. McKinstry, Brev. Maj. U. S. A.
> "Hon W. C. Dawson, U. S. Senator."

ANOTHER OF THE LIFE GUARD GONE.—Died at his residence, Hartford, Oxford Co., Me., on Sunday, July 11, Seth Sturtevant, in the 93d year of his age. He was with Washington at Valley Forge, and was in the battles of Stillwater and Monmouth. On the day of his death he was perfectly well. He arose from his seat, wound up his clock, reseated himself and went to sleep, and the first thing the family knew of his death was his unusual silence. He died while sitting in his chair.

HO! FOR LUNDY'S LANE!—Delegates to the great gathering of the SCOTTISH Clans, at Niagara, can reach the meeting-place on Tuesday morning, by leaving here to-day, or to-morrow. Those who leave Monday will be in season for the second day's proceedings, which include a Review by Gen. Scott, of all the Military Companies on the ground. There will no doubt be a multitude of people on the ground, and altogether a magnificent display.

☞ A correspondent of the Detroit *Tribune*, who is luxuriating on Lake Michigan, writes back thus about our city:

> Milwaukee is a very handsome city as it appears from the Lake. It rises by a gradual slope from a little cove, to the high bluffs along the borders of the Lake; and the many fine buildings of cream colored brick give it a most pleasing appearance.

SALE OF FACTORY PROPERTY.—The Washington Mills, says the Utica Gazette, were on Thursday sold at auction for $40,000 cash. Frederick Hollister, Esq., the late agent of the mills, made the bid for Harry Bushnell, Esq., of Utica.—The property consisted of the real estate, factory building, water power and machinery which is said to have cost over 200,000, and was recently appraised at about $115,000.

☞ Our friend J. A. HADLEY, the hard-working editor of the Watertown *Chronicle*, left for the East last evening. He intends to be at Niagara, next week; and to take a few weeks rest from his labors. No editor in our State better deserves a holiday than friend HADLEY, and we hope he may enjoy it abundantly.

☞ The *Banner* complains that we did not translate *all* of its article in reply to the "democrat" in the Morning *News*. Perhaps the *News* will publish the whole article. We gave such portions as we thought would best illustrate the choice language and sentiments of the *Banner*. As to its "point of view," we don't think it half so instructive as its style.

CONFUSION OF NAMES.—Among the Free Soil delegates to Pittsburgh, we observe the name of E. D. BAKER. This is not Mr. EDWIN D. BAKER, of East Water St., who is a good and true Whig, but probably ERASMUS D. BAKER, Physician. It would save doubt and confusion, where the initials are the same, to write or publish the name in full.

RACINE WIDE AWAKE.—The Scott men in our sister City Racine met last week and organized a Club under the name of "Scott's Eleventh Battle Club." ISAAC TAYLOR was chosen President: W. W. PERRY, and T. S. BAKER, Secretaries. The *Advertiser* says that the meeting was well attended, and much enthusiasm manifested.

☞ The N. Y. Tribune says: "we are authorized to state that Hon. Amos Tuck, of N. Hampshire, one of the gentlemen proclaimed by the Evening Post as Whig opponents of the Whig Presidential nomination, intends, and has from the first intended, to support no other candidate than Winfield Scott."

PIERCE CLUB.—There was a slim attendance of the Hunker leaders at Military Hall, Thursday evening, to organize a Pierce Club. It was heavy up-hill work, and but little progress made. The "rank and file" were among the "missing."

Panama Railway.

A great achievement will that day bear witness of, which shall hear the locomotive puff on the Atlantic border, and, within one or two hours, snort at the Pacific wave. Such a day is near at hand. It will probably be one of the days of the present summer—already has much of the task been accomplished. The tread of the iron horse now echoes along the Isthmus, and his shrill *neigh* startles the frightened beasts and birds of the tropics. He will soon feed at one ocean and rest at the other. The two great seas, introduced by steam, a lineal descendant of both, will shake their fluid hands. Great will be the oceanic gratulation—great the gratulations of the world—Such an event may well be the wonder of a century. A great problem, which has long engaged the speculations of the curious and enterprising, will be solved. Spain, England, France, Portugal, had long turned wistful eyes towards this narrow streak of land that held the oceans apart. Projects had been started, surveys made, explorers sent over the route, all having in view the ultimate connection by a traversable canal or road of these two seas. It was supposed that the thing could be, in time, achieved; but when, and by whom, were questions involved in obscurity. Some Future might see it, but how distant none could tell. It was one of those gigantic performances, too great for any single nation, and requiring the co-operation of the world.

How unexpectedly, and by what strange agency is the great event accomplished? A difficulty starts up between Mexico and the United States,—a new empire in the land of the setting sun rewards the prowess of our arms. A straggling population follows the progress of our title. Soon a few yellow sands are discovered gleaming along the margin of the streams of the newly conquered country. The news freights our steam-cars, and leaps along the wires. Suddenly all Yankeedom is astir. The cities pour forth their busy crowds,—each town and village sends out its sturdy sons. All practicable avenues to the modern Ophir are thronged. The solitudes of Panama become vocal. Ocean steamers crowd the opposite ports. Here is a forty mile hiatus in the communication of steam. American enterprise will not tolerate it. It will not loiter on a mule's back. It has no sympathy with the snail. A New York author and a few New York merchants essay the vast attempt. The money is subscribed—the sinews secured—Engineers may be seen sighting along the almost impassable crags—levels are attempted to be searched out—maps are made—soon, the pick, the barrow, the shanty indicate the contemplated track. Iron rails are scattered along the line—a locomotive, with no stealthy-footed gait, whirls a laden train over a portion of the route; and a few more arrivals from Chagres will announce that the deed is done—the great event of the age accomplished, and ocean linked to ocean by bars of iron.

The work is fraught with tremendous consequences to the civilization, the population, and the commerce of the globe. They are advanced by it, a hundred years. In the long and tedious journey to the ports of the Pacific, months are struck out and thousands of miles annihilated.—In the great compression of time and space, a month is represented by an hour, and miles by inches. The dangerous doubling of the Cape of Storms is superseded. Countless articles of utility or luxury, that would otherwise perish, or sustain irreparable injury on the interminable voyage, may soon, by this shorter and quicker transit, effect safe passage from European or Atlantic cities to the growing States of the farther West. The circumference of the globe is drawn into a smaller circle. The swarms of China and Japan come into nearer neighborhood. The cutting off of several thousand miles between us and these unsociable people, may be the means of introducing Celestial laborers into a hundred departments of American enterprise and toil; may even, eventually, substitute Chinese for African muscles in the cotton-fields of the South.—*N. Y. Times.*

Young "Circumstances" Look Out!

We noticed in our harbor yesterday, the Schr. Helligoland, Capt. Cossick, of Cleveland, with a beautiful flag at her mast-head, with the following appropriate inscription floating in the lake breeze:—

SCOTT and GRAHAM!
HARBOR and RIVER IMPROVEMENT.

The men who "go down to sea in ships" and "do business on great waters" are bound to see to it, that they are not cut off by an Executive veto by Young "Circumstances," from all participation in the benefits for which Government was constituted. This large class of men want to secure Harbors where they can take shelter in safety, when the storms are raging. They want also, to see the commerce of our great Inland Seas protected and fostered by Government whose duty it is to encourage the great interests upon which depends, in a high degree, the prosperity of the people.

The sailors of the North and West, do not like Young "Circumstances" any better than they did "Old Circumstances," and in November next, they will show their dislike of him, by voting the men and the measures floating from the mast-head of the "Helligoland."—*Oswego Times.*

A Soldier's Response.

Our readers will remember we some days ago published a letter from Capt. Huguenin in regard to Gen. Scott's treatment of foreigners, accompanied by the statement, that though a democrat he was going to support the old hero.

The Capt. received a letter from one of his old comrades yesterday, also a Democrat, from which we are permitted to make the following extract:

> CANTON, STARK CO., Ohio.
> July 17th, 1852.
>
> *Capt. Robt. Huguenin*:—
>
> DEAR SIR:—I bear thoughts of you very often, since we parted years ago, and wondered if you were still in the land of the living. Upon taking up the Pittsburg *Gazette* this morning, I saw a letter of yours to the Chicago *Journal*, on the subject of General Scott's interference for the protection of American prisoners.
>
> I was rejoiced to read it and hasten to congratulate you as a Scott man.
>
> I too am a Scott man, and feel it in my bones that Scott must be elected.
>
> * * * * * * *
>
> Please take to yourself my best wishes, and with *a long and loud hurrah for Scott.*
> Adieu, S. C. FREY.

—*Chicago Journal.*

GEN. SCOTT'S BEARING AS A MAN.—Mr. Warland, editor of the Lowell *Courier*, who was with Gen Scott in the Mexican campaign, truthfully says:

> "There are very few distinguished men in this country who possess a more popular or winning address than Gen. Scott. His personal bearing instantly attracts to him all whom he chances to meet—and this without any respect of person, rank or condition. The private soldier or citizen stands before him upon the same level, with the commander of brigades and divisions. Each is received with the utmost cordiality and urbanity, and at the same time with inimitable dignity and grace, whether in the camp or in the parlor. In this respect he presents a marked contrast to many military men, whose stiffness and hauteur—as if the finer feelings were cramped up in their uniforms—they can never lay aside. The expression of the General's eye, on ordinary occasions, is mild and gentle, but when the drum beats and the war-horse rushes to the field, it kindles with unwonted brilliancy, as if the heart of the gallant hero was speaking from it."

OUR RELATIONS WITH ENGLAND.—We don't see that the Fishery difficulties trouble our Eastern exchanges much, and we certainly don't believe that they will in the least disturb our amicable relations with Great Britain. The N. Y. *Times* discourses thus on the subject:

> "A fish panic is absolutely out of the question. It is no go. There is as good fish in the Lake as were ever taken from the sea. The Cleveland Herald informs us that no less than 22,868 packages of pickled Lake fish have been inspected at that port the present season, and the same authority, without having heard or dreamed of this mess attempted to be raised down East, says that 'Lake Huron, Michigan, and Superior, are getting to be formidable rivals to Newfoundland, the Georgies, and the Bay of Fundy, in supplying this great country with fish.'
>
> Please to put that in your pipe, Sir John Pakington, and smoke it! If you think to drive our Yankee smacks off the salt water ponds of Nova Scotia, in order to make this great country buy your old stinking fish at your own prices, you mistake your men. We have lakes of our own out West—at least the American half of them—and while these yield a generous return to our hardy fishermen, we pay no tribute to you, Sir!"

☞ Gen. John A. Quitman, of Mississippi, the late Democratic Governor of that State, a few days ago, when asked his opinion of General Scott, said:

> "The American people have never done Gen. Scott justice. The more that man's character and claims to distinction are canvassed, the higher will be the stand he will take in the admiration and gratitude of his countrymen. I am a Democrat, and consequently, differing widely as I do from Gen. Scott, on every political question, can never give him any support; but if there is a Whig in the Union for whom, under any circumstances, I could cast my vote for President, that Whig is Winfield Scott."

FIRST GREEN CORN—*Early*.—Through the politeness of Wm. Welch, of this village, our dinner table to-day was supplied with excellent green corn, that was plucked from his garden this morning. This is very early, especially for this season, for corn, and is the first that we have heard of being picked.—*Madison Palladium 21st inst.*

City Matters.

ACCIDENT.—A laboring man, named MICHAEL CASEY, who was engaged driving piles for the foundation of McCREA & BELL's new brick block, on the corner of East Water and Huron streets, was very severely if not fatally hurt, yesterday afternoon, by the heavy weight falling unexpectedly and striking him on the forehead and shoulder. He was carried to St. John's Infirmary and his wounds dressed and his arm amputated by Dr. BATCHARD and GARNER. His recovery, however, is despaired of.

☞ The number of visitors, desirous of consulting Madame ABORATIER(?), seems to increase the longer she remains in our city. As a consequence she feels constrained to delay her departure for Racine till next Tuesday, and will meanwhile be "at home" at her rooms in the City Hotel.

CRICKET MATCH.—There will be a Match at Cricket, this afternoon, between the Elevens of the Senior and Junior Clubs. The wickets will be pitched at 3 o'clock, or sooner, if the heat is not too great. The players are requested to be on hand in good season. Lovers of the sport are invited to attend.

DRESS PATTERNS.—Mrs. ROCKWOOD continues to give instructions in cutting and fitting dresses, at her parlor, No. 56, City Hotel. Her system is a new one, and she claims that it is a very decided improvement on any now in use.

SECOND WARD ELECTION.—The special election in the Second Ward yesterday, to fill the seat in the Board of Aldermen, vacated by Mr. PHELPS, resulted in the choice of [illegible] Esq. without opposition.

☞ We learn that Mrs. EMMA GILLINGHAM BOSTWICK, assisted by Young HOFFMAN, and other Artists, will give a Concert in this city next week. She will meet with a warm welcome in Milwaukee.

☞ We are requested to state that the Rev. JAMES E. WILSON will preach in the Methodist Church, Spring st. to-morrow (Sabbath) morning at half-past 10 o'clock.

MAMMOTH CUCUMBERS.—Mr. JAMES DUKE, who lives on Spring St. Hill, showed us yesterday some Mammoth Cucumbers, of his raising, one of which measured *sixteen* inches in length.

FOR LUNDY'S LANE!—The *Forest City* of the 21st inst says:

> Next to New York, Ohio will send the largest delegation. Every railroad train will reach this city on Monday evening, jammed with enthusiastic Scott men en-route for the Falls. We hear of delegations from almost every town and village in the State. Two military companies belonging to this city are booked to go. We hear of several other companies from different parts of the State. Not less than 100 military companies will parade on Wednesday morning, and be reviewed by Gen. Scott and Gov. Hunt.
>
> The fragments of the Division that fought the bloody battles of Chippewa and Lundy's Lane will be present to greet their old Commander; many hundreds of the battered and brave soldiers who marched with him from Vera Cruz to the Halls of the Montezumas, will again greet their great and victorious leader.
>
> While accepting the urgent appeals of his old companions in arms to revisit with them the scenes of their brave deeds 40 years ago, Gen. Scott distinctly qualified his assent with the condition that he would not discuss political topics.

Milwaukee and Fond du Lac Plankroad.

This is an enterprise of vast importance, not only to Milwaukee and Fond du Lac cities, but to the country through which it passes. It is a work in which these two cities can heartily join hands in building, knowing that it will be mutually beneficial.

We find that the best of feeling prevails at Milwaukee with regard to this road, and all that is necessary to ensure its early completion, is the co-operation of the people at this end of the route. This we are sure will be readily given, when our friends consider the benefits and advantages to be derived from the road.

Already nine miles out of Milwaukee has been finished, and is now in successful operation,—eight miles more, which carries it to Cedarburgh, in Washington county, is graded, and the distance from Cedarburgh to West Bend, 14 miles, will be grubbed, &c. and bridges and culverts built this fall.

J. B. VLIET, Esq. the Engineer of this road, has lately been through, examining the different routes, and reports most favorably for an easy grade and cheap construction.

We hope our people will turn their attention to the matter. We shall have more to say on this subject hereafter.—*Fond du Lac Democrat.*

PIERCE ENTHUSIASM IN DETROIT.—The Locofocos in other States, where the nomination of Pierce and King has been received with entire coldness, are forced to look abroad for comfort; and some of them are so hardly driven as to be compelled to turn their eyes to Michigan. The Buffalo Courier has the following:

> "GENERAL CASS.—The Detroit Free Press announces that Gen. Cass will be in that city in a few days, and that his presence will be made the occasion of a Grand Democratic Ratification Meeting, which he has consented to address.—An enthusiastic demonstration is anticipated."

The same "Grand Democratic Ratification Meeting" has been attempted three several times, and so often has failed. As the *Courier* remarks, a most energetic flourish of trumpets was made on the advent of Gen. Cass, and his friends suddenly discovered that they had been waiting all this while for his presence. When he did come at last, he declined the part in the farce of "Ratification" in which he had been cast, and returned quietly to his duties at Washington. Sensible man! Gen. Cass well knows the true feelings which exist in the party upon Pierce's nomination, and he was not foolish enough to make a laughing-stock of himself abroad, by going through the formality of "Ratifying" a nomination, which the statesmen of the party damned, and which the people do not respond to. The truth is, and it is a notorious one, that there is not, nor has there been interest enough taken in the subject of Pierce's election, in the city of Detroit, to raise a decent hickory pole, or to get up a respectable four-cornered meeting; and the men who supposed that the necessary *vim* was to be inspired by the presence of Gen. Cass, reckoned without their host.—*Detroit Adv.*

SOUTHERN WISCONSIN RAILROAD.—We are informed by one of the Directors that there will be a meeting of the Board of Directors of this Road at this place, on the 30th inst., to adopt measures for the immediate opening of Books, survey of the route, and early prosecution of the work. Arrangements have been made for the building of the Road from Janesville to Milton, leaving the next work to be done from Janesville westward. Persons will be enabled to subscribe stock probably from the 30th inst. It is in our power to build a road if we will subscribe stock liberally. When the work is done, we will be within three or four hours ride of the Lake, and the products of Green County be worth within a trifle of the Lake prices. Now is the time, let us not be behind the towns and counties around us.—*Monroe (Green Co.) Sentinel.*

"In the army, Gen. Scott is known and felt to be what is called a "martinet;" and there are hundreds of soldiers who have been made his eternal enemies, by acts of cruel severity for the enforcement of discipline in trifling matters. Gen. Scott is just the kind of officer to order a man to the guard-house, and sentence him to bread and water fare, and to drag the ball and chain for a week, as a punishment for having a speck of dirt on his accoutrements.—*Correspondence of Litchfield Rep.*

It is strange that there can be a citizen of the United States who has any feeling of public honor or that could write such a paragraph of a man who has done as much as any living man for his country's glory and greatness and stranger still that there can be a decent paper that would publish such a scandal. The whole accusation is *false* from beginning to end. We have no patience with such villifiers. A man that would endeavor to subtract one iota from the well earned military fame of Winfield Scott, would pick the pockets of his dying mother.—*Hartford Courant.*

A STEAMBOAT VOTE.—On the steamer Reindeer during her recent trip from New Orleans, a vote was taken by the passengers to ascertain the popularity of the Presidential candidates. The vote was taken at the suggestion of a Democrat, who thought his favorite would have a majority. The following result shows that he was very much mistaken:

For Winfield Scott	75
For Franklin Pierce	33
Majority for Scott	42

The vote included the deck and cabin passengers.—*Louisville Courier.*

SHEBOYGAN PLANK ROAD.—This work is now finished to Bannister's Warehouse—a good substantial structure. A few miles remain to be finished west of Greenbush.—*Fond du Lac Journal, 22d inst.*

JOHNSON'S
CHEMICAL HAIR INVIGORATOR.
THE EFFICACY of this justly celebrated embrocation for invigorating, beautifying, and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained, by its merit, a reputation which is not for a day, but for all time. It is the province of science to subdue and control those physical evils which refined civilization has brought in its train; for so long as warm rooms and tight hats, with the combined agency of other influences, exist, will thousands of unhappy victims be troubled with bald heads and grey hairs to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that the
INVIGORATOR
was introduced.
For restoring the Hair to its original growth, or preventing it from falling out, this Compound has been pronounced by all Medical men to be a sure remedy.
For eradicating Scurf, Dandruff, and curing diseases of the Skin, Glands, Muscles, Stings and Bruises, it will always be found a safe, speedy, and unfailing cure; and so long as
"Fair tresses man's imperial race ensnare,
And beauty draws us with a single hair,"
will JOHNSON'S INVIGORATOR be essential to the toilet of every Lady and Gentleman who desire to give a soft, glossy, and luxuriant appearance to the natural drapery of reason's throne.

DAILY SENTINEL.

BY TELEGRAPH.

Reported for the Daily Sentinel.

BY SPEED'S LINE.

Racine, July 23, 3 P. M.

A Scotchman, named William Pottinger, employed upon the pile-driver in Racine harbor, fell into the river and was drowned before he could be rescued. He was pushing a boat across the river and his setting pole sticking unexpectedly in the mud, threw him over.

His body has just been recovered, but all efforts at resuscitation have failed.

Thirty-Second Congress.

Washington, July 17.

Senate—Not in session.

House—Mr. Mace introduced a bill to admit railroad iron free of duty. The bill was read twice.

Mr. Jones, of Tenn., moved to lay it upon the table. The motion was lost by ayes, 74; nays, 79.

Mr. Mace then moved to refer the bill to the committee of the whole on the state of the Union.

Mr. Dean moved to lay the bill on the table.—Motion carried. Yeas 88, Nays 69.

The House, on motion, went into committee of the whole and took up for consideration, the Indian appropriation bill.

The Deficiency Bill Passed.

Washington, Monday, July 19, 1852.

The House has thinned out very much lately, and barely a quorum was present to-day, but for a wonder there was quite a disposition to work. The Indian Appropriation Bill was finished up and passed; the Deficiency Bill came back from the Senate, and the House receded from its former vote on the milage item, and passed the bill, which will be signed by the President to-morrow. So the Collins appropriation is now safe. This bill appropriates altogether between five and six millions.

The Nativist Organization.—The whole force of that proscriptive faction will be thrown into the whig ranks.—*Alb. Atlas.*

You are mistaken. The Philadelphia Sun, a bitter Native organ, opposes Scott, and threatens that its 20,000 votes shall be thrown against him. Gov. Bigler of California, elected by the locofocos supports Pierce, and is the greatest practical Native in the 31 States of the Union. The frugal, industrious and inoffensive Chinamen in California were ordered to quit the country, and Gov Bigler gave his official sanction to the cruel proscription. He is a brother of the locofoco Governor of Pennsylvania, and no doubt entertains similar political principles.—*Alb. Jour.*

Sad Accident.—Julius T. Clark and Chauncey Abbott, Esqrs, of this village, were out riding yesterday afternoon, having with them two children in a covered buggy. In passing under where a telegraph wire is strung in the Western part of the village, the wire over the road was out of place, and hung so low as to catch the top of the buggy, immediately upsetting it. The horse took alarm and ran at full speed, and in the fall, Mr. Clark had his ancle badly sprained, and a little daughter of Mr. Abbott had a leg broken above the knee. Mr. A., and the other child being considerably, though not seriously injured. The horse when caught had relieved himself of every thing but the bridle and collar, and had torn the buggy and harness all into fragments.—*Madison Palladium.*

The Great Convention at Niagara.—From information which we received within a day or two we believe that there will be a thousand delegates from Massachusetts to the great gathering of the Whig clans at Niagara on the 28th. We hear of gentlemen who are going from New Hampshire and Maine, and efforts are being made to induce the several railroad companies to reduce their fares, and to issue tickets for the round trip. We hear of an old soldier who fought with Gen. Scott at Niagara, and who is now living beyond Bangor, who is going, the Whigs of that region having made a liberal purse for the old veteran. He has always voted the Democratic ticket, but this fall he will vote for his old commander, Winfield Scott.—*Boston Atlas.*

Butler County.—The Chippewa Club at Hamilton, is doing a glorious business. Mr. John K. Wilson, who has been a prominent member of the Locofoco party, Sheriff of the county, &c., made a speech for Scott at the last meeting, which elicited great interest. He is carrying scores with him for the gallant hero of Lundy's Lane.

Mr. Edwards of Cincinnati, an Irishman, and Mr. Gibbons, another Irishman, and lately a Locofoco, addressed the Club at length, and with great effect. There was a general good time of it. Butler is a strong Locofoco county, but there is a reaction in public opinion going on that will tell on the day of election.—*State Jour.*

University of Wisconsin.—The *Annual Examination* of the several classes, will commence on Monday, the 26th inst., at the University Edifice, and continue two days.

The concluding *Exhibition* will take place at the Court House on Wednesday evening, the 28th, at ½ past 7 o'clock P. M.

The attendance of the friends of the institution is respectfully invited.

J. H. LATHROP, Chancellor.

Revolting Blasphemy.—The Democratic Review has an article laudatory of General Pierce in which it speaks of Charlotte Corday, Maria Antoniette, Oliver Cromwell, and the Saviour of the world, all dying for liberty, and describes him, whom all Christians worship as their God, as "that great Republican, of whom American democracy claims to be the inheritor." When we have heard similar language attributed to French writers of the Red Republican School, we have scarcely been able to credit the report. Such horrid plasphemy will command no favor in America.

Milwaukee Brick.—Milwaukee brick are the best as well as best-looking in the country, their light drab color being admired by every body who visits that city. Several fronts in Chicago are built of these superior brick, and the *Sentinel* states that an order for 80,000 has just been filled to go to Buffalo, to be put in a splendid dwelling-house in the upper part of Main street, in that city.—*Sandusky Register.*

Emigration.—For the entire season we have seen day after day large loads of emigrants passing through our town on their way to the western part of this county and to Sauk and Richland counties. Those sections must be pretty well filled up by this time. The principle portion of these emigrants are German and exhibit evidence of intelligence, health and substance.—*Madison Argus.*

A Sign.—The schooner Harbridge with a *Pierce* and *King* flag flying at her mast head, got her nose knocked off the other night when entering the Harbor, being run into by the Propellor Oswego. This is one of the "signs of the times." She is now lying at the wharf loading with *English rail road iron.*—*Oswego Times.*

☞ The Lancaster (Penn) Whig says—"Lancaster is the 'Whig Banner county,' not only 'in Pennsylvania,' but in the United States, and will give Scott and Graham a larger majority in November next than any other county in either of the thirty-one States, Whig or Locofoco.

Utica Citizens' Corps.—This fine military company, taking advantage of the reduction of fare on the occasion of the celebration of the Battle of Lundy's Lane, has determined to take an excursion to Niagara Falls at that time.—*Oneida Morning Herald.*

F. P., the Democrats tell us, stand for Frank Pierce and Fourteenth President, and therefore augurs well. But W. S. stands for Winfield Scott Washington's Successor, and therefore augurs better. Try again!

☞ A London Correspondent of *The Cincinnati Gazette*, closes his last letter thus:—"The nomination of Gen. Pierce has called forth an universal Amen from the free trade and anti-American part of the British nation, and they predict his success by an overwhelming majority." We'll see.

Mayville Plank Road.—The company has determined to go on with the building of this Road without delay. The contract with Mr Donaher for building it will be closed in a few days.—*Fond du Lac Journal, 22d inst.*

MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States, are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

THE WORLD'S FAIR

PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(*Between Maiden Lane and Wall Street,*)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURglar-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store) viz. Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

SALAMANDER SAFES.

WILDER'S PATENT AND RICH'S PATENT COMBINED.

$100,000 SAVED.

FIRE in Pearl Street and Fletcher Street, New York.—Three Stores and their contents destroyed. Deeds before words!

RICH'S SAFES AGAIN!

ELEVEN SAFES of different makers consumed, with their contents! The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire upon them!

MR. GILBERT'S LETTER,

THE FIRE IN FLETCHER AND PEARL STS., NEW YORK.

New York, Dec. 24, 1851.

Messrs. Stearns and Marvin, successors to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations; after which it required 54 hours of labor and apparatus to raise the Salamander from it's sky bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the vaulted safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,900, yet the salvation of my books in your Salamander, with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, Joseph G. Gilbert.

PATENT MEDICINES.

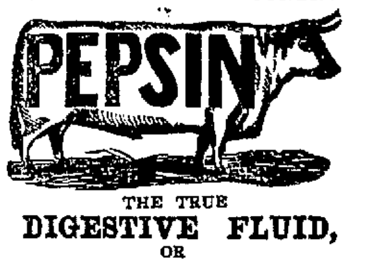
Another Scientific Wonder!

DR. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. Houghton's PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times" and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion of the various modes through the papers, of the Stationary Knife Planing Machines attempted to be palmed upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 18th volume of the Repertory of Arts, invented by Samuel Bentham in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one got up by Albert Richards of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purpose contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
Philadelphia."

May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time and do it as well or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

IT WILL STOP

THE MOST EXCRUCIATING PAINS,

IN FROM THREE TO FIVE MINUTES!

AND HAS CURED

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood. It paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belledonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life (instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25:
"Dr. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the billary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all billious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

CINCINNATI, Oct. 26, 1849.

We the undersigned, Druggists and Merchants of this city, have been acquainted with and sold for 2 or 3 years past, an article of Family Medicine, known as PERRY DAVIS' VEGETABLE PAIN KILLER, and we would assure the public that in every instance, so far as we know, it has given the best satisfaction to the purchaser.
